College Works Painting  
1682 Langley Avenue  
Irvine, CA 92614

Dear College Works:

This letter is to let you know that I was completely satisfied with the paint work done on my house by Matt Burke and his assistants and I would use College Works Painting again because of Matt's thoroughness. I highly recommend him.

I'm very meticulous and Matt was willing to listen and followed through with my requests. I also asked for his advice on a few items and found his answers to be reliable. For example, after seeing the first coat I really didn't think that a second coat was needed but I asked for his opinion. He highly recommended a second coat and it made a significant improvement in the appearance of the finish. When the job was complete he took the time, at his own initiative, to look closely to make sure everything was done to his satisfaction.

Sincerely,

LaRoy W. Master
