Re: Chris Swenson and Crew

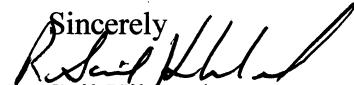

I contracted with Mr. Swenson to re-paint my home in early spring 2007 for completion in September 2007. Mr. Swenson advised me that his crew would have time available to complete the project in late May, 2007 if this would be acceptable. It was.

He and his crew started and completed this project, which in my estimation was very large (8800 sq. ft), in four working days.

The professional workmanship, finish, and clean-up were excellent.

I would highly recommend the services provided by Chris and his crew to anyone who is contemplating having professional painting done.

Sincerely

R. Gail Hibbard
