To Whom it may concern,

This is a reference letter for Brandon and the work he did on my house.

He stripped off all paint, primed and painted face boards and eaves, trim on my house. He also painted my patio cover in my back yard. He did an awesome job. He cleaned up his work and kept me informed on what he was doing and going to do all the time. He was very professional and knew what to do. I'm very pleased with his work and feel very comfortable to ask him again for future work.

Sincerely,

Cheri Cunniff
