To Whom It May Concern:

I wish to commend College Works Painting for work recently accomplished at my residence in Paso Robles, CA.

Brandon Coursey was the agent in charge and performed his managerial functions in an outstanding manner. From the first knock on my front door to the job completion he was a credit to the company. His knowledge, enthusiasm, and professionalism were a pleasure to experience. The young men working under his supervision did a thorough job and to my complete satisfaction. In addition, these men who were associated with this job were polite and pleasant, a pleasure to have around the property.

I unhesitatingly recommend College Works Painting and will certainly use this firm again.
