Dear Mr. Brandon Coursey:

Thank you for the job you and your crew performed on our house. We couldn't be more pleased with the results.

While we know that our house was just another in a summer long line-up of paint jobs for *College Works Painting*, you made sure we felt as though it was the only one that mattered.

Furthermore, we know that the key to executing projects like this requires good organizational and management abilities.

Your honesty and integrity were apparent through your actions, and we appreciated your communication with us throughout the entire project.

The skills and professionalism you already possess will serve you competently in any future endeavors you pursue.

We wish you all the best of luck.

Phil and Mary Hassig  
Paso Robles, CA
