

To whom it may concern:

- Daniel Shaffer and his crew completed a paint job on my house in early August '86. Everything went very well from beginning to end. The crew - Chris Jennings and Joe Grays were very polite and professional. Daniel was quite knowledgeable with his estimate, and was here at the start and, especially, at the finish of the job - to see that everything was cleaned-up properly.
- The work was done exactly how and when we wanted it done. We were very impressed and would use College Works Again - Sincerely - Elizabeth O'Brien
