To Whom It May Concern:

College Works Painting Reference – Maggie Watson

I am writing this letter of reference, for Maggie Watson of College Works Painting. Maggie was a pleasure to work with and a person with very high standards. Maggie's high energy, to get the job done right the first time, made me feel at easy.

The college students of "College Works Painting" were courteous and well mannered. They took pride in their work and took great strides in every detail. They were on time, as schedule, and ready to work. Their painting skills were that of a professional painter and the cleanup was the same.

Maggie Watson's role as supervisor was unquestionable. As a home owner, I would very definitely rehire Maggie Watson given the opportunity. I recommend her very highly for your consideration.

Sincerely,

Robert J. Fields
