LETTER OF RECOMMENDATION

Gentlemen:

Your company has just completed a contract with us to paint the trim on our home here in Petaluma. We want to commend you for the fine job done by your painters and recommend to others to use your services.

We were especially impressed with the performance of your local college student manager, David Gerhard. He not only provided us with a fine sales presentation which convinced us to use your company, but worked closely with us throughout the entire job. Occasionally, small issues would arise, and David would take care of them immediately. Frankly, we could not have asked for a finer company representative/consumer relationship working with David. His "walk thoughts" each evening, and the immediate correction of any problems were exemplary.

Thank you for your fine service, and we're happy to provide this recommendation.

Sincerely yours,

Tom Swan

Angela Swan
