

Fairfield, CA

2005

To: Whom It May Concern,

RE: Paul Hampton and College Works Painting

Paul with College Works Painting coordinated the painting of our house in July 2005. They did a nice job and were willing to work with us to complete all of the touch ups and trim work. The quality of the work was fine and was completed in a timely fashion, with no delays. In fact they were even able to complete our house earlier than originally scheduled. The painter should be commended for the job he did during some extremely hot weather.

Sincerely,

Cathy and Ed Zecchini
