Allentown, PA 18104

To Whom It May Concern:

This letter of recommendation is for the College Works painting crew with Samantha D'Amore as their manager.

Samantha and her crew worked hard in completing our home in a timely manner. Everyone was on time for the job and the men and women worked well together. The work area was kept clean and concentrated to the area. They cleaned up at the end of the day and only left the tools and supplies needed for the next day. We got to see first hand the benefits of using Mold Avenger. We had a very faded aluminum siding that was put on in 1964, with peeling around the wood trim. They had applied the Mold Avenger that had removed the mold & mildew stains.

We were very pleased with the end result and would highly recommend the hard working and dedicated young men and women of College Works to anyone who is considering having their home painted. We believed in giving young people a chance that will help them for their future and work ethic.

Sincerely

Kathleen & Walter Bayda
