To Whom it may concern,

Chris Swensen and company painted our house in the summer of 2007 and did an outstanding job. Chris and his crew were on site at the early morning hours and completed the job in good time. He was always very courteous and explained to us what we needed to do and what they would do to prep our house so it would look it's best when it came time to paint. I would highly recommend using College Works Painting if you are in need of having your house painted.

Thanks Chris,
Paul Richer / Nicole Morgenthau
